Dear Harold,

Aug. 9, 1997

Just a note to let you know that the Bogus disk arrived yesterday. We will be leaving on our vacation on Mon. 11th and be back on Tues. 19th. I should be able to get another disk made and send it along to Dennis after we get back. I got an e-mail message from him just a couple days ago, and he said he was traveling to Maine to visit with his parents. He also said he is finally getting a chance to do some serious work on the book we planned to write. I am also planning to do the same, and I am sure Bogus will be important for that.

Take care and give my regards to Lillian.

Best,
Gerry
